

100% MADE IN ITALY

**L'ESSENZIALITÀ DEL DESIGN ITALIANO APRE LE PORTE  
ALLE INFINITE POSSIBILITÀ DI UN OGGETTO DI ADATTARSI ALL'AMBIENTE.**

All'origine della crescente affermazione di "NAHOOR" sui mercati internazionali troviamo la continua ricerca dell'eccellenza qualitativa nella selezione e lavorazione di materiali esclusivi unita ad un design italiano dalle linee essenziali che coniuga lusso e rigore, tradizione e modernità. "NAHOOR" interpreta al meglio qualsiasi esigenza di fruizione degli spazi con lampade dalle linee pure, dove l'ordine interno ed esterno hanno una precisa corrispondenza, permettendo al prodotto di adattarsi all'ambiente con infinite possibilità.

**THE ESSENTIALITY OF THE ITALIAN DESIGN OPENS THE DOORS  
TO THE INNUMERABLE POSSIBILITIES OF AN OBJECT TO ADAPT ITSELF TO THE AMBIENCE.**

The growing success of "NAHOOR" on the international markets is based on the continuous pursuit of quality in the selection and processing of exclusive materials combined with an essential Italian design that combines luxury and rigour, tradition and modernity. "NAHOOR" is able to interpret at its best any need regarding the living space with lamps characterized by pure lines, where internal and external order have a precise correspondence, able to adapt itself to different environments.

**OGGETTI DALLE LINEE ESSENZIALI CHE CON LA LORO PRESENZA SCENICA  
RICREANO UN ORDINE CHE RISPONDE ALLA SACRALITÀ DELL'ACCOGLIENZA.**

"NAHOOR", termine aramaico per indicare "ORIGINE", "FONTE" di luce, dal forte valore evocativo, nasce per riassegnare alla luce un ruolo che risponda alla sacralità dell'ambito domestico e dell'accoglienza. Massima espressione dell'artigianalità e della tradizionale maestria stilistica tutta italiana, ogni lampada "NAHOOR" ha una sua storia unica e privata e offre uno spettacolo della luce che genera ogni volta emozioni irripetibili.

**PRODUCTS CHARACTERIZED BY ESSENTIAL LINES THAT THANKS TO THEIR PRESENCE  
RECREATE AN ATMOSPHERE APPROPRIATE TO THE SACREDNESS OF HOSPITALITY.**

"NAHOOR", named with an Aramaic word that indicates the "ORIGIN" and "SOURCE" of light, with a strong and evocative value, was born to reassign to the light an appropriate role that correspond to the sacredness of the domestic ambience and of the hospitality. Highest expression of craftsmanship and of typical Italian style, each "NAHOOR" lamp has its unique and private story and offers a light performance that produces once-off emotions every time.

**UNA VISIONE CHE VALORIZZA E SALVAGUARDA LA GRANDE TRADIZIONE ITALIANA.**

Fondata nel 2009 da William Pianta, dopo una pluriennale esperienza come lighting designer in contesti pubblici e privati, "NAHOOR" raccoglie la grande tradizione italiana nel settore dell'illuminazione arricchendola delle nuove tecnologie e reinterpretandola secondo una sua propria visione di fare luce. Ogni pezzo "NAHOOR" è prodotto interamente in Italia: i nostri artigiani italiani, sotto la direzione creativa di William Pianta, producono e rifiniscono ogni oggetto a mano, sfruttando le opportunità offerte dalle tecnologie più avanzate per garantire la più alta qualità autenticamente Made in Italy e un servizio "sartoriale", su misura per ogni esigenza del cliente.

**A VISION THAT VALORISES AND SAFEGUARDS THE GREAT ITALIAN TRADITION.**

Founded in 2009 by William Pianta after a long-time experience as lighting designer in public and private contexts, "NAHOOR" gathers the great Italian tradition of the lighting design renewing it with new technologies and its own view of making light. Each "NAHOOR" lamp is entirely produced by hand in Italy: our Italian craftsmen under the creative direction of William Pianta produce and refine each object by hand, with the help offered by the most advanced technologies in order to grant the highest authentic Made in Italy quality and a "sartorial" service, tailor-made considering every customer need.

**100% MADE IN ITALY**

"NAHOOR" è frutto di una visione personale, forte, attenta alla valorizzazione e salvaguardia della tradizione dell'artigianato italiano del settore illuminotecnico. Ogni prodotto "NAHOOR" è certificato "100% Made in Italy" ed è corredato del relativo documento di autenticità che ne attesta l'origine e la qualità. La falsificazione è una violazione del talento e del savoir-fair degli artigiani: essa mina il sistema produttivo italiano della luce nel suo complesso, ed insieme ad esso, anche la sopravvivenza degli artigiani e del loro patrimonio di consocenze. Il piacere dell'autenticità è unico: difendiamolo.

**100% MADE IN ITALY**

"NAHOOR" is the result of a strong personal vision that takes care to the enhancement and safeguard of the italian tradition of the lighting branch craftsmanship. Each "NAHOOR" product is "100% made in Italy" certificated and has its own certificate of authenticity, which guarantees origin and quality. The counterfeiting is a violation of the talent and of the skills of the craftsmen and the creativity of the designer: it damages the whole Italian lighting production system and as well as the survival of the italian craftsmen and their knowledge too. The pleasure of the authenticity is unique: let's protect it.
